

FAMILY DISCOUNT PASS POLICY

Intent: The family discount is intended to help families afford the day out at a swimming pool or hot pool facility that they may not otherwise be able to afford. It is also intended to increase attendance at the facilities midweek when business is typically slower. Therefore, the discount is available Monday-Thursday except major holidays – New Years Day, Memorial Day, Fourth of July and Labor Day.

Eligibility: In order to be as consistent as possible, families that are eligible for the discount are considered to be parents and children. The children must be dependant children of the parent, or parents, present at the time of entry, and under the age of 18. For the purpose of this discount, parent is defined as the person who has long-term legal responsibility for the dependant children.

Discussion: The children need not be biological offspring of the legally responsible adult(s). Adopted children and foster children are considered part of the family so long as the stipulations listed above are met. Parents are defined as those adults who are either legally obligated to the care of the dependant children or are married to the adult who is the parent of the dependant children. Single parents and their children are eligible for the discount. Adults who are raising their siblings are eligible for the discount.
